Nonetheless, the Sponsor acknowledges that there is a strong likelihood that faculty, staff and/or students involved in fulfilling the Purpose may qualify as foreign persons under those Export Control regulations and, as a result, the Sponsor agrees to comply with the following protocols if it determines it is necessary to disclose export controlled information.

a. In the event the Sponsor believes it is necessary to disclose Export Controlled Data, it will first contact the University’s Export Control contact identified below and provide a description of the Export Controlled Data along with a statement identifying the specific export control classification number under the Commerce Control List or the specific US Munitions List entry, as applicable, and the need to disclose the Export Controlled Data. The Sponsor acknowledges that the University will and must rely on the Sponsor’s assessment of the export-controlled status of its information in deciding whether or not to accept the Export Controlled Data.

7. **Duration of Obligations.** The obligations of confidentiality imposed under herein shall continue for a period of one (1) year from the date of termination of this agreement or until Confidential Information becomes publicly available through no fault of the Recipient, whichever occurs first. b. The relationship between Sponsor and the University is that of independent contractors. The Parties are not joint venturers, partners, principal and agent, master and servant, or employer or employee, and have no other relationship other than independent contracting parties. The Parties shall have no power to bind or obligate the other Party in any manner, except as expressly provided in this Agreement.

c.
